EVANSVILLE, Ind. – May 29, 2019 - [OneMain Financial](#) has implemented a Borrower's Assistance program to provide relief to customers affected by the recent tornadoes and flooding in Oklahoma. The program, which went into effect May 24, will give eligible customers options, including deferring loan payments. The program is slated to end June 30 and includes eligible customers in all 77 Oklahoma counties.

“OneMain was built on the premise of helping people in difficult situations, and we are sympathetic to the hardships our customers in Oklahoma are facing as a result of the recent extreme weather,” said Danny Garza, Senior Managing Director - Branch Operations at OneMain Financial. “We want to help affected customers and encourage them to contact us if they need assistance with their loans.”
