Exhibit 99.1

ONEMAIN HOLDINGS, INC. REPORTS THIRD QUARTER 2016 RESULTS

Evansville, IN, November 7, 2016 - OneMain Holdings, Inc. (NYSE: OMF) today reported income before provision for income taxes of \$33 million and net income of \$25 million, or \$0.19 per diluted share for the third quarter of 2016, compared to a loss of \$0.10 per diluted share in the prior year.

Jay Levine, President and CEO of OneMain Holdings, Inc. said, “Our third quarter results reflect the progress we have made on our strategic priorities and the integration of OneMain. In fact, our Consumer and Insurance segment adjusted earnings per diluted share more than doubled from last year.”

Levine added, “We continued to grow receivables, manage credit risk, further strengthen our liquidity and balance sheet, and realize synergies from the acquisition of OneMain. We also accomplished the significant task of combining the two branch networks under a single brand, which will further enhance our name recognition and our ability to offer competitive products to our customers.”

Consumer and Insurance Segment

Consumer and Insurance income before provision for income taxes on a Segment Accounting Basis was \$179 million for the third quarter of 2016. Consumer and Insurance adjusted earnings per diluted share was \$0.90* for the third quarter of 2016 versus \$0.36* for the prior year quarter. Excluding certain acquisition-related transaction and integration expenses of \$17 million, Consumer and Insurance adjusted pretax earnings were \$196 million* and Consumer and Insurance adjusted net income was \$122 million* for the third quarter of 2016.

Consumer and Insurance net finance receivables reached \$13.5 billion at September 30, 2016, and Consumer and Insurance net finance receivables per branch totaled \$7.4 million at September 30, 2016.

Consumer and Insurance net interest income was \$636 million in the third quarter of 2016. Consumer and Insurance yield was 24.51% and risk adjusted yield, which represents yield less net charge-off ratio, was 18.28% in the third quarter of 2016.

The net charge-off ratio was 6.23% in the third quarter of 2016.

The gross charge-off ratio was 6.97% and the recovery ratio was 0.74% in the third quarter of 2016.

The 60+ delinquency ratio was 3.33% at September 30, 2016.

**Reported on an adjusted Segment Accounting Basis, which is a non-GAAP financial measure. Refer to the required reconciliations of non-GAAP to comparable GAAP measures at the end of this press release.*

Acquisitions and Servicing Segment

Acquisitions and Servicing income before provision for income taxes on a Segment Accounting Basis was \$2 million for the third quarter of 2016. The Acquisitions and Servicing segment contributed \$2 million* to the company's total adjusted pretax earnings in the third quarter of 2016. Acquisitions and Servicing net finance receivables at September 30, 2016 were zero as a result of the sale of the company's interests in SpringCastle on March 31, 2016.

**Reported on an adjusted Segment Accounting Basis, which is a non-GAAP financial measure. Refer to the required reconciliations of non-GAAP to comparable GAAP measures at the end of this press release.*

Real Estate and Other

The Real Estate segment generated a loss before benefit from income taxes on a Segment Accounting Basis of \$20 million in the third quarter of 2016. The Real Estate segment generated an adjusted pretax loss of \$7 million* in the third quarter of 2016. The loss resulted primarily from the reduction in interest earning assets attributable to real estate sales completed in 2014 and August 2016. Upon closing of the acquisition of OneMain, the majority of the debt allocated to the Real Estate segment and other non-originating activities was re-allocated to the Consumer and Insurance segment. The carrying value of the real estate loan portfolio, including real estate loans held for sale, totaled \$367 million at September 30, 2016, down from \$629 million at the prior quarter-end.

The Other non-originating activities generated a loss before benefit from income taxes on a Segment Accounting Basis of \$10 million. Our Other non-originating activities generated an adjusted pretax loss of \$1 million* in the third quarter of 2016.

**Reported on an adjusted Segment Accounting Basis, which is a non-GAAP financial measure. Refer to the required reconciliations of non-GAAP to comparable GAAP measures at the end of this press release.*

Liquidity and Capital Resources

As of September 30, 2016, the company had \$658 million of cash and cash equivalents, which included \$338 million of cash and cash equivalents held at our regulated insurance subsidiaries or for other operating activities that is unavailable for general corporate purposes and \$320 million of available cash and cash equivalents consisting of highly liquid investment securities. The company had available undrawn conduit financing facilities of \$4.6 billion at September 30, 2016. The company had total outstanding debt of \$14.0 billion at September 30, 2016, in a variety of debt instruments.

Use of Non-GAAP Financial Measures

We report the operating results of our Consumer and Insurance segment, Acquisitions and Servicing segment, Real Estate segment, and Other using the Segment Accounting Basis, which (i) reflects our allocation methodologies for certain costs, primarily interest expense, loan loss reserves and acquisition costs to reflect the manner in which we assess our business results and (ii) excludes the impact of applying purchase accounting (eliminates premiums/discounts on our finance receivables at acquisition, as well as the amortization/accretion in future periods). These allocations and adjustments currently have a material effect on our reported segment basis income as compared to GAAP. We believe the Segment Accounting Basis (a basis other than GAAP) provides investors a consistent basis on which management evaluates segment performance. For more information, please see Note 23 - Segment Information of the notes to our consolidated financial statements included in our 2015 Form 10-K.

Total adjusted pretax earnings attributable to OMH, Consumer and Insurance adjusted pretax earnings, Consumer and Insurance adjusted net income, Consumer and Insurance adjusted earnings per diluted share, Acquisitions and Servicing adjusted pretax earnings, Real Estate adjusted pretax earnings and Other adjusted pretax earnings are key performance measures used by management in evaluating the performance of our business. Consumer and Insurance adjusted pretax earnings, Acquisitions and Servicing adjusted pretax earnings, Real Estate adjusted pretax earnings and Other adjusted pretax earnings represents income (loss) before provision for (benefit from) income taxes on a Segment Accounting Basis and excludes acquisition-related transaction and integration expenses, net gain (loss) on sales of personal and real estate loans, net gain on sale of SpringCastle interests, SpringCastle transaction costs, losses resulting from accelerated repayment and repurchases of long-term debt, debt refinance costs, and net loss on liquidation of our United Kingdom subsidiary. Management believes these non-GAAP financial measures are useful in assessing the profitability of our segments and uses these non-GAAP financial measures in evaluating our operating performance. These non-GAAP financial measures should be considered supplemental to, but not as a substitute for or superior to, income (loss) before provision for (benefit from) income taxes, net income, or other measures of financial performance prepared in accordance with GAAP.

employees or key executives to support our businesses; changes in the competitive environment in which we operate, including the demand for our products, customer responsiveness to our distribution channels, our ability to make technological improvements, and the strength and ability of our competitors to operate independently or to enter into business combinations that result in a more attractive range of customer products or provide greater financial resources; risks related to the acquisition or sale of loan portfolios, including delinquencies, integration or migration issues, increased costs of servicing, incomplete records, and retention of customers; the inability to successfully and timely expand our centralized loan servicing capabilities through the integration of the Springleaf and OneMain servicing facilities; risks associated with our insurance operations; the inability to successfully implement our growth strategy for our consumer lending business as well as successfully acquiring portfolios of consumer loans, pursuing acquisitions, and/or establishing joint ventures; declines in collateral values or increases in actual or projected delinquencies or credit losses; changes in federal, state or local laws, regulations, or regulatory policies and practices, including the Dodd-Frank Wall Street Reform and Consumer Protection Act (which, among other things, established the Consumer Financial Protection Bureau, which has broad authority to regulate and examine financial institutions, including us), that affect our ability to conduct business or the manner in which we conduct business, such as licensing requirements, pricing limitations or restrictions on the method of offering products, as well as changes that may result from increased regulatory scrutiny of the sub-prime lending industry, our use of third-party vendors and real estate loan servicing; potential liability relating to real estate and personal loans which we have sold or may sell in the future, or relating to securitized loans, if it is determined that there was a non-curable breach of a representation or warranty made in connection with such transactions; the costs and effects of any actual or alleged violations of any federal, state or local laws, rules or regulations, including any litigation associated therewith, any impact to our business operations, reputation, financial position, results of operations or cash flows arising therefrom, any impact to our relationships with lenders, investors or other third parties attributable thereto, and the costs and effects of any breach of any representation, warranty or covenant under any of our contractual arrangements, including indentures or other financing arrangements or contracts, as a result of any such violation; the costs and effects of any fines, penalties, judgments, decrees, orders, inquiries, investigations, subpoenas, or enforcement or other proceedings of any governmental or quasi-governmental agency or authority and any litigation associated therewith; our continued ability to access the capital markets or the sufficiency of our current sources of funds to satisfy our cash flow requirements; our ability to comply with our debt covenants; our ability to generate sufficient cash to service all of our indebtedness; any material impairment or write-down of the value of our assets; the effects of any downgrade of our debt ratings by credit rating agencies, which could have a negative impact on our cost of and/or access to capital; our substantial indebtedness, which could prevent us from meeting our obligations under our debt instruments and limit our ability to react to changes in the economy or our industry, or our ability to incur additional borrowings; the impacts of our securitizations and borrowings; our ability to maintain sufficient capital levels in our regulated and unregulated subsidiaries; changes in accounting standards or tax policies and practices and the application of such new standards, policies and practices; changes in accounting principles and policies or changes in accounting estimates; any failure or inability to achieve the SpringCastle Portfolio performance requirements set forth in the SpringCastle Interests Sale purchase agreement; the effect of future sales of our remaining portfolio of real estate loans and the transfer of servicing of these loans, including the environmental liability and costs for damage caused by hazardous waste if a real estate loan goes into default; and other risks and uncertainties described in the “Risk Factors” and “Management’s Discussion and Analysis” sections of the Company’s most recent Form 10-K and Form 10-Qs filed with the SEC and in the Company’s other filings with the SEC from time to time. The foregoing list of factors that could cause actual results, performance, or achievements to differ materially from those expressed in or implied by forward-looking statements does not purport to be complete and new factors, risks and uncertainties may arise in the future that are impossible for us to currently predict.
